

# LiveDrawer<sup>TM</sup> Manager

Real-time visibility  
of your cash

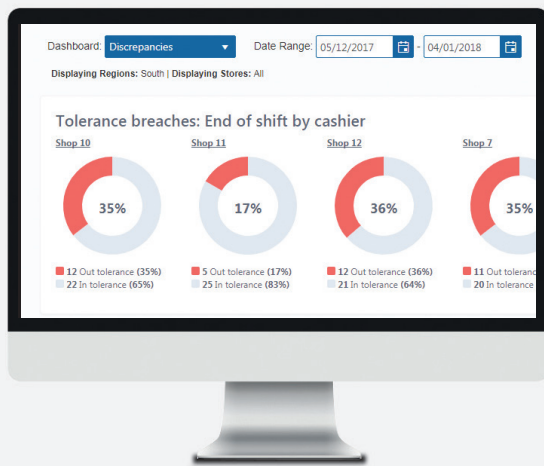

Real-time visibility  
of cash in the drawer,  
virtually eliminating  
cash loss at the  
point of sale

**LiveDrawer Manager** is a customizable solution that automatically reconciles the physical cash in the drawer against the POS. It instantly counts coins and bills as they are placed into the cash drawer and provides 24/7 remote insight into a drawer's contents

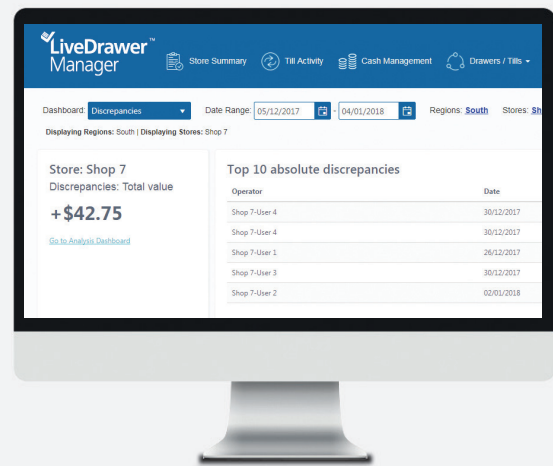

### Store overview

Compare enterprise wide regions and stores at a glance to pinpoint regions and stores in breach of your customized cash compliance targets.

### Store drilldown

See which individual cashiers were responsible for overs and shorts in a store. View trends by cashier to identity problem cashiers or training needs in a few clicks.

### Fully connected

API integration collects data from POS and reconciles against LiveDrawer and safes. Secure cloud reporting software can be viewed on tablet, mobile, or desktop.

“

*“Intelligent cash solutions such as Tellermate’s LiveDrawer Manager are potential game-changers in the retail and restaurant sectors...”*

*Loss Prevention Magazine*

*“By reducing the time spent each day counting cash, LiveDrawer enabled us to eliminate redundant manual processes, which led to significant company-wide savings and more face-time with customers...”*

*Leading European Retailer*

Cash loss analysis and investigations can take hours, days, even weeks. With data from multiple sources to gather and compare. LiveDrawer Manager does it all for you. In a matter of clicks. All in one place. From wherever you are...

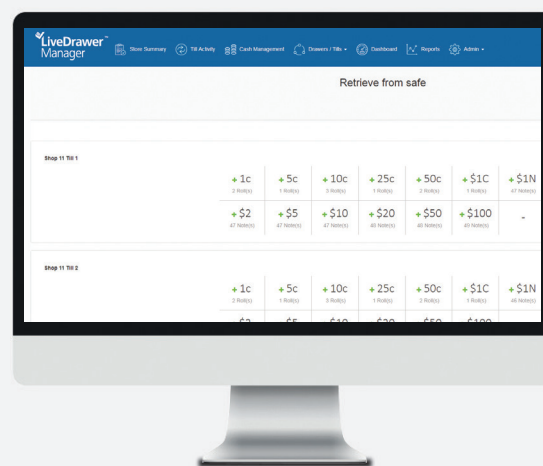

## Denomination thresholds

By store, set over and short thresholds plus optimal cash level for each denomination so stores are notified when a change replenishment or cash pickup needs to happen.

## Optimal cash levels

Reduce time spent replenishing tills and performing pickups and ensure cash levels are optimal across all tills in the store. See what replenishments and pickups to make.

## Instant alerts

Customizable notifications let your people know as soon as store thresholds have been breached.

# A global leader in cash management

Tellermate is a leading provider of cash management solutions to the retail, grocery, food service and financial industries, deployed across numerous Fortune 500 companies. The company is the inventor of count-by-weight technology and the intelligent cash drawer. Its technology processes over \$1 billion daily across the globe. UK headquarters are home to the engineering, research & development, product, and executive teams. National offices are located in Atlanta, Paris, Heidelberg, Barcelona and Tokyo. Tellermate's mission is to improve the profitability of our customers by providing next generation end-to-end cash-management solutions, from innovative software to connected cash-counting products.
